

HOW TO CHOOSE A DUVET COVER SIZE

Step 1: Measure the duvet's height

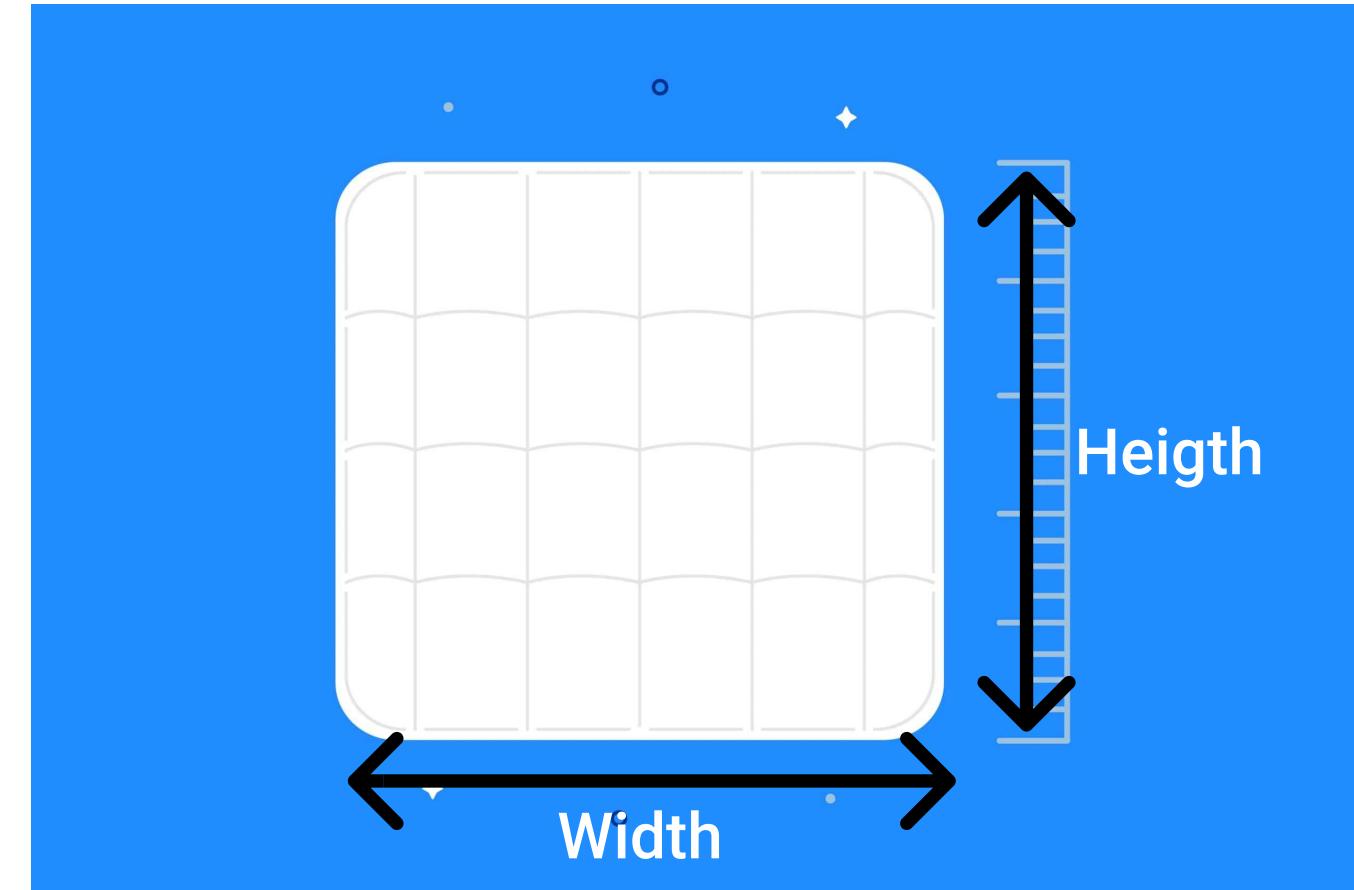

Grasp the top and bottom corners of the duvet and pull the fabric tight. Measure the duvet's height, from top to bottom,

Step 2: Measure the duvet's width.

Grasp the left and right corners of the duvet and pull the fabric tight. Measure the duvet's width, from left to right, along the edge of the duvet.

Measuring Tip:

Use a firm (ie, a carpenter's) tape measure, rather than a flexible (ie, a tailor's) measuring tape for the most accurate results.
